Hey Kevin, I hope you're well, we hadn't planned on activating the NCRCC for the trucker Demo. However, if you would like us to activate we can absolutely accommodate that request. I've already confirmed with my execs that this would not be an issue. I would come in and we would call in 2 support staff as well to support you and your people (a strategic planning analyst and a technical specialist). I would also recommend calling in one of our Intel reps to assist as well.

Please let me know your thoughts and if you would like to request an activation.

Thanks for your time.

Good afternoon Kevin,

We will be in a better position next week to advise if we will be activating the NCRCC. At this time, no activation is scheduled, however more discussions are to follow and we will keep you posted.

Have a great weekend!

Tamara

Hello all

I'm just wondering if you are aware of the trucker demo descending on Ottawa (scheduled for next Saturday). I know that the RCMP intel is engaged and we've been conversing with teams out west and also locally.

That being said, if you are aware, were you considering activating the NCRCC for any reason. I ask because I'm not sure if you have any intel that we don't that would indicate and impact to RCMP interests in the NCR.

Please let me know.

Tks

K
